Our Drive for Subscribers !

Christmas gift time is almost here, and you will soon be thinking of a good gift for each of your relatives and friends. As we want subscribers to our paper, we suggest that you include it in your gift list.

Your son, or daughter, or friend, in the west -or elsewhere-would very much appreciate a year's subscription to the home newspaper. If you have ever been away you know what it is to receive a copy of the home paper-even if it is not the best ever printed.

It will mean a great joy to the recipient for a whole year to learn what is going on back in his or her home town. The home paper and its donor is remembered each time it is received.

Make yourself and your family a gift of your home paper and make both the family and editor and publisher happy.

When you pick up a copy of your home paper, do you give any thought how it was produced, or the money that is spent to print and deliver it at your home?

The newspaper of today, no mtter if 25 cents a copy is charged, would be the cheapest thing you bought.

In the first place it represents an investment in plant and equipment of many thousands of dollars.

Its editor and staff work diligently day in and day out to gather all the news and present it to you in reasonable fashion. It aims to keep you informed on all the news that's "fit for ink."

With the average paper, the price you pay for subscription does not cover the cost of WHITE PAPER, POSTAGE, ETC.

Yes, the newspaper is the cheapest thing you buy.

Think it over. Look it over. Then support' your home paper. It's the best investment you can make, for it brings the largest returns.
